

19. Independent living and being a part of the Community

Countries should make sure disabled people have the same choices as everyone else about how they live and being part of their communities.

Disabled people can choose:

- Where they live, the same as everyone else.

- Who they live with, the same as everyone else.

- And not to live in a particular place like a hostel if they don't want to.

- From a range of different support services including personal assistance.

- From the same range of services that other people can choose from and get a good service.
